Reader Stand For CIR315A, CIR315B, CIR615A

The reader stand comes with:

❖ 1 x Reader Stand

❖ 3 x Metal Plates

Installation

Remove the release paper from a metal plate, stick a metal plate on the back of a reader.

Remove release paper of metal plate

Metal Plate

Place a reader on the stand, the stand mounts the reader firmly by its magnet.

Tidy up the cable underneath the reader stand through side hole and back hole, the ferrite ring can be attached to the magnet and stored inside the stand.

It's ready to use for your contactless application.
